

ALTAIR ONE LICENSE ACCESS AND ACTIVATION

Download Software and Activate your License from the Altairone.com portal

- 1. Create an account at www.altairone.com with your company email ID.
- 2. Once you create this account you will have to verify that you have access to your Altair Units. Click the indicated button in the screenshot:

3. Select the **Hosted Licenses** button in the panel on the left side of the screen:

 ▲ Altair One ← → C altairone.cor Altair One 	× + n/Marketplace	AU Multi-Physics /	Mechatronics Engineer	
Altair One Support & Services Community & Support Marketplace Altair Connect	×	0%	0 of 1000 Altair units used	259 DAYS REMAINING OF 364 DAYS
Manage Account Hosted Licenses Profile Users	×			View License Usage

4. After verifying your units, you can download the software from altairone.com/marketplace. Use the search bar to filter the product list:

5. Once you have downloaded and installed the software, you can follow this video for the activation process: <u>Activation Process</u>

Inviting users to the Altairone.com portal for License Access

If you are an administrator, you will need to invite users to access the licenses. Follow these steps:

1. Login to altairone.com. Select the indicated button in the screenshot:

2. Select the **Users** button in the panel on the left side of the screen:

3. Select the **Add user** button and type in their credentials:

Altair One					Feedback 🞗
🖾 Dashboard	Users (17)	Users (17)			Add User
R Users	Name	Email	Phone	Job Title	Status
	오 Jeff Lendermon	jlendermon@GoEngineer.com	713-735-3287	Applications Engineer Plastics Specialist	Onboarded
	² ● Tyler Reid	treid@goengineer.com		Manufacturing Applications Manager	 Onboarded

This will send an email to the users you have added to create their AltairOne accounts which they can use to download and activate the software.
